

Digi Board DB25M/RJ45 Pinout Chart:

Here is the configuration chart describing DB25M pinouts for commonly used Digi Board device using an 8-wire phone connector:

Pinout chart:

^		
RJ45:	DMdmv2:	
1 Be	Gy	8
2 O	Bn	4
3 Bk	Y	1
4 R	Gn	2
5 Gn	R	3
6 Y	Bk	7
7 Bn	O	5
8 Gy	Be	20
Jumper:		n/a

DMdmv2- Modem "v2" connector. Requires ALTPIN to be set for the concentrator. Uses head-to-head cable

If you are looking into the connector from this direction, "if" the blue wire starts on the right, then use the column "DMdmv2"
