

Cleaning Sceptre Monitors

According to Sceptre's homepage at <http://www.sceptre.com> and their online manuals, this is how to clean Sceptre Monitors.

The main difference is the Model Numbers.

[D73P/D73PA/D73PB/D75A](#) – These are 17 inch
[D40/D50X/D50XB/D51](#) – These are 15 inch

These model numbers say to clean in the following manner.
Please disconnect the device from the main supply before cleaning. Do not use any liquid or aerosol spray cleaners. The best for cleaning is a piece of cloth dampened with water.

Model numbers:

[D95/D95A/D97A](#) – These are 19 inch
[D54/D73/D73A](#) - These are 17 inch

These model numbers say to clean in the following manner:
To clean the monitor screen, first, make sure the monitor is in the power off mode. Second, stand away from the monitor and spray cleaning solution onto a rag. Without applying excess pressure, clean the screen with the slightly dampened rag. Do not spray liquid cleaners directly onto the unit.
