PRESS RELEASE

Advantage Business Computer Systems Ltd. to acquire assets of Versyss Commercial Systems.

February 28th 2005
Big Sandy, Texas and Providence, Rhode Island

Acquisition brings new customers and talent to Advantage.

Advantage Business Computer Systems Ltd., a leading provider of ERP solutions, and Versyss Commercial Systems Inc., today announced that they have completed the sale of assets of the Distribution Systems Business of Versyss to Advantage for an undisclosed sum in a cash transaction. Under the terms of the sale agreement, Advantage will immediately take over the employees, client portfolio and contracts through a wholly owned subsidiary, Versyss Data Systems LLC.

Over the last 28 years, Advantage's client base has grown consistently and the company's software is currently used in 20 countries around the world. The purchase of Versyss Data Systems LLC is a further step toward establishing Advantage as a leader in their market.

"Advantage is focused on customer service and technology and we are excited by the opportunity to serve our new customers and show them some of the benefits of our investment in technology.", said Greg Matatall, CEO of Advantage. "It is this focus that has allowed us to grow and prosper as we have. We welcome our new customer base and all of the employees that this transaction brings with it."

About Advantage Business Computer Systems Ltd.

About Versyss Commercial Systems LLC

VERSYSS has been serving clients for over 25 years with vertical specific software and hardware products. With origins in the medical software industry as well as software solutions for the distribution, construction, transportation, energy, and municipal industries, VERSYSS Commercial Systems, LLC was formed in 1999 as a privately held company following the acquisition of the non-medical business segments from Physicians Computer Network, Inc., a medical software solutions provider. Since that date VERSYSS has been marketing and developing new software products for the distribution, construction, energy transportation and municipal markets. Significant software development initiatives have resulted in the release of VISION for Materials Management, VISION for Construction and Sunrise for Energy. VERSYSS is located at One Davol Square, Suite 204, Providence, Rhode Island.
